Moved by Mike Delfre, seconded by Hal McGonigal, CARRIED with amendment  
Amendment to page 3, Watershed Description to identify intake area of Gros Cap as within Prince Township, added within brackets.
  - Discussion on presentation of changes to SPA and councils

- Presentation to be drafted for approval next meeting.
- Presentation for decisions regarding Impervious Surface analysis and potential changes to road salt policies regarding application, storage and handling
    - Question about application vs storage vs handling. Explained that we have two policies, one for application (implemented by municipality) and one for storage and handling of the road salt.
    - Methodology discussion to get the best results for our area. Decision was to go to the 500m grid and all impervious surfaces within the vulnerable areas with a score of 8-10.
    - IPZ analysis and forward recommendations for best practices.
6. MECP Update – no updates
7. Questions – noted items had been dealt with.
8. Other Business
- 'Oil' Spill at Bush Plane Museum – MECP Spills Action Centre responded – updated SPC that Spills Action Centre had been in attendance and that the 'oil' was a mineral oil that is now used as electrical coolant. No further action will be taken by MECP.
